INTRODUCTORY NOTE

ON the 15th March, 1933, the Minister for Lands and Fisheries published a Report dealing with the Sea and Inland Fisheries services in the years 1929 and 1930, respectively. Under the Fisheries (Redistribution of Public Services) Order, 1934, these services passed to the Minister for Agriculture, by whom a Report in respect of the year 1934 will be published in due course.

Meantime, in order to maintain continuity by linking up the returns which appeared as appendices to the former Reports with those to be incorporated in future Reports, the following Statistical Tables for these services in the years 1931, 1932 and 1933 are now presented.
